**An herbicide for the control of
broadleaf weeds in cereals and pasture**

ACTIVE INGREDIENT:

Contains 720 g/L 2,4-D as the as the dimethylamine salt in the
form of a soluble concentrate

Contains

5

Litres

DATE OF
MANUFACTURE:

BATCH No:

PLEASE READ LABEL BEFORE USE

This product must not be used for any purpose, or in any manner, contrary to the label unless authorized under appropriate legislation.

HAZARD CLASSIFICATIONS

Acute oral toxicity Category 4

Specific target organ toxicity exposure (repeated) Category 1

Series eye damage Category 1

Hazardous to the aquatic life environment (chronic) Category 2

Hazardous to the soil environment

Hazardous to terrestrial vertebrates

TOXICITY

Danger - Causes damage to organs from repeated ingestion at high doses.

Warning - Harmful if swallowed.

CORROSIVE

Danger - Causes serious eye damage.

ECOTOXICITY

Hazardous to the aquatic life environment, soil environment and to terrestrial vertebrates.

Do not apply directly into or onto water. Use this product carefully. Do not contaminate aquatic environments with this product, spray drift or empty container. Spray drift or equipment contamination may cause serious damage to desirable plants. Do not allow spray drift outside the target area to occur. Avoid release into the environment other than for its intended use.

QUALIFIED HANDLER: This product must be under the control of a suitably approved qualified handler during mixing, loading and use.

PRECAUTIONS

PERSONAL PROTECTION: Avoid contact with skin and eyes. Do not breathe mists, vapours or spray. When mixing or applying, wear protective clothing; overalls, boots, gloves, and eye protection. Clean protective clothing daily after work. Do not eat, drink or smoke while using this product. Remove protective clothing and wash hands and face thoroughly after handling.

STORAGE: Keep out of reach of children. Store in the original, tightly closed container. Store locked up away from foodstuffs. Store in accordance with current version of NZS 8409 Management of Agrichemicals.

USE: Apply with well-maintained and calibrated spray equipment.

DISPOSAL: Dispose of this product only by using in accordance with this label, or at an approved landfill, or other approved facility. Triple rinse container and add rinsate to the spray tank. Dispose of container to an approved landfill or agricultural recycling scheme. Do not burn. Do not use container for any other purpose.

FIRST AID:

If medical advice is needed, have product container or label on hand.

IF SWALLOWED call the National Poisons Centre 0800 POISON (0800 764 766) or a doctor if you feel unwell. Do NOT induce vomiting. Rinse mouth. Get medical attention or advice if you feel unwell.

IF IN EYES: rinse cautiously with water for several minutes. Remove contact lenses, if present and easy to do. Continue rinsing. Immediately call the National Poisons Centre 0800 POISON (0800 764 766) or a doctor.

If skin or hair contact occurs, remove contaminated clothing and flush skin and hair with running water. If irritation persists, get medical advice. Immediately call a POISON CENTRE or doctor. If inhaled move the victim to fresh air immediately and keep at rest in position comfortable for breathing. Begin artificial respiration if breathing has stopped and get immediate medical assistance.

EMERGENCY RESPONSE

In a transport emergency call 111, Police or Fire Brigade. For specialist advice in an emergency call **0800 CHEMCALL (0800 243 6225)**

SPILLAGE

Exclude non-essential people from the area of the spill and prevent material from entering waterways. Wear appropriate protective clothing as in the Precautions box of this label to clean up spills. Collect spillage with an inert (such as vermiculite, earth, sand or synthetic absorbent substance) material and place in waste containers. Wash area with water and alkaline detergent then absorb any remaining liquid with further inert material. Dispose of the waste safely in an approved landfill.
