BioTreat Tree & Shrub Tablets 10g Slow Release Fertiliser Tablets

BioTreat Tree & Shrub Tablets are advanced controlled-release fertiliser tablets engineered to provide comprehensive nutrition for trees, shrubs, and ornamental plants. Each 10g tablet contains a scientifically balanced blend of essential nutrients and microelements, designed to **feed plants consistently for up to 2 years** with just one application.

These convenient tablets deliver targeted nutrition directly to the root zone, promoting vigorous establishment in new plantings while rejuvenating mature specimens. Ideal for both professional landscaping projects and home gardening applications, BioTreat tablets eliminate the guesswork in plant nutrition while significantly reducing maintenance requirements.
